Group Reviews

Probably our best speaker ever. Simple, logical concepts. Exceeded my expectations greatly. This was one of the most interesting speakers we have had. Lots of take-home value. Somehow I think Don is going to become famous. He seems to have a lot of insight about people, and I think he is just beginning to learn how to tell us about it. Good energy. Interesting views on old issues. I came in late (missed first hour) and had a bit of a hard time getting oriented. Mention of being a new ager was a turnoff; other than that, he was great. So far Don has given the most "take-home" ideas of all the speakers than I have heard.
