### Group Reviews

This is Don's fifth talk to my five groups. He did a very good talk and delivered it well. He had good examples to make his point(s) and used questions VERY effectively. He had a lot of material but a good three hours! He had excellent knowledge and was an engaging speaker. He had practical take-home notes and handouts.

Don was great. I liked his 40/40 and forms.

I liked his great take home.

Don was highly knowledgeable of his subject matter! I liked his forms and ninety-day reviews.

Don was very knowledgeable. I liked that he was practical and spoke from the heart. He needed another hour of speaking time. I felt we forced an end to his presentation! I wanted to hear more.

He was strong; however, he had too much to list.
